

RECUMBENT LIFECYCLE EXERCISE BIKE WITH DISCOVER SI OR DISCOVER SI-TV CONSOLE

Where your digital life meets your workout experience. The third generation of touch screen consoles redefines the workout experience with the most advanced technology. The 10" integrated LCD touch screen features an abundance of entertainment options, enhanced interaction, Internet connectivity and much more.

FEATURES

> 10" SURFACE CAPACITIVE LCD TOUCH SCREEN WITH OPTIONAL INTEGRATED TV

With a swipe of a finger, navigate seamlessly between crisp, clear screens to choose the entertainment and workouts you want. (Integrated TV available with Discover SI-TV console.)

> APPLE® AND ANDROID™ COMPATIBLE

Connect and power your Android and Apple device, including your iPod®, iPhone® or iPad®.

> INTERNET CONNECTIVITY

Visit a website or play a game. Easily choose your favorite websites through your LFconnect account, and they will be instantly available when you log in. Available with Ethernet or Wireless connectivity.

> LIFESCAPE INTERACTIVE COURSES

Take high-definition hikes, runs and bikes through famous locations around the world. The integrated machine controls speed as the exerciser runs faster and matches the resistance to the varying terrains.

> LFCONNECT™ / LFCONNECT APP

Complementary solution that allows exercisers to choose equipment settings and track workout results to meet their goals, while also providing facility owners easy asset management and product customization capabilities. LFconnect is accessible via its website or app.

To create an account, go to LFconnect.com.

FACILITY FEATURES*

Asset Management:

- Product usage statistics
- Software updates

Equipment Customization:

- Custom workouts by facility and trainer
- Attract screen, logo and message customization

Entertainment Customization:

- Internet presets
- TV channel editing

EXERCISER FEATURES*

- Display and workout settings
- Internet favorites

Workout Creation:

- Workout calendar
- Workout customization
- Workout Library

Workout Tracking:

- Track and share progress

Social Interaction:

- Create workouts and track progress with peers and personal trainers

All features are Apple and Android compatible.

RECUMBENT LIFECYCLE EXERCISE BIKE

WITH DISCOVER SI OR DISCOVER SI-TV CONSOLE

Through continuing biomechanical research and testing, Life Fitness has created the Elevation Series Recumbent Lifecycle® Exercise Bike, an award winner for its innovative design. The Recumbent Lifecycle Exercise Bike features the Comfort Curve Plus™ Seat with deluxe back support and optional deluxe armrests for a more relaxed riding position. The recumbent bike's step-through design has greater clearance to accommodate all body types and users.

PERFORMANCE FEATURES

> ADVANCED CONSOLE TECHNOLOGY

Engage the senses with Internet connectivity, product personalization through LFconnect, Lifescape Interactive Courses, video-watching capabilities and iPod®, iPhone®, iPad® and Android® Smartphone integration.

> STEP-THROUGH DESIGN

Allows users to easily get on and off the seat.

> COMFORT CURVE PLUS™ SEAT WITH EASY ADJUSTMENTS

Newly designed seat with deluxe back support provides exceptional comfort, while the new seat adjustment makes it easy for users to adjust, even while in a seated position.

> AT-YOUR-FINGERTIPS RESISTANCE CONTROLS

Located on the deluxe armrests and side handlebars to allow users to easily adjust workout intensity.

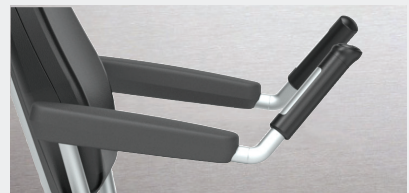

Shown with side handlebars

HIGHLIGHTED FEATURE

DELUXE ARMRESTS

Deluxe armrests adjust so exercisers can easily get on and off the bike. Armrests also feature contact heart-rate hand sensors and resistance controls at your fingertips. Also available with side handlebars.

UPRIGHT LIFECYCLE EXERCISE BIKE DETAILS

Easily adjustable ski boot-style pedal strap

At-your-fingertips resistance controls

Removable cupholders

Motivating workout variety

Patented Lifepulse™ digital heart rate monitoring

Greener with **EVERY MOVE**

Certain components of our cardio equipment are no longer painted during the manufacturing process, which reduces our carbon footprint. This initiative also lowers the amount of Volatile Organic Compounds (VOCs) released into the air as pollutants.
